

MINE WORKERS RAP AMERICAN LEGION

RESOLUTION ASKS OFFICERS TO PUT HOUSE IN ORDER

Convention Refuses to Condemn the Legion
—Resolution Adopted Says That the Organization Has Been Justly Condemned for the Acts of Its Individual Members

(By The Associated Press)

INDIANAPOLIS, Ind., Oct. 3.—Altho refusing to condemn the American Legion because of alleged strike-breaking activities of some of its members the convention of the United Mine Workers of America today adopted a resolution committee report calling on legion officials "to put their house in order."

The action came after several delegates had appealed vehemently for the convention to go on record in unqualified condemnation of the Legion.

The committee report was among those made on more than one hundred resolutions sent to the convention for consideration by local unions throughout the country and which had been before the committee for consideration since the opening of the convention. Most of the resolutions went into the discard, and debate was permitted on only a few with most of the comment being exacted by the Legion resolution.

HARDING SENDS COMMUNICATION TO MARSHAL HAIG

Expresses Appreciation
of Sentiment of
British Soldiers

(By The Associated Press)

EDINBURGH, Scotland, Oct. 3.—Field Marshal Earl Haig, who commanded the British forces in France and Belgium in the great war, speaking at a grand rally of the Edinburgh branches of the British Legion held here, said he had written to President Harding congratulating him upon what he was doing in connection with the calling of a conference at Washington on limitation of armament and problems of the Far East and that he had received a reply from the American president to this communication. The field marshal read the president's letter to the audience. In President Harding said:

"I received and am deeply impressed by your letter of July 3, in which Your Lordship, as president of the British Empire League and in the name of 7,000,000 ex-service men of the British Empire, conveyed to me their warm congratulations upon our efforts to establish more firmly the foundations of world peace."

"In the same letter I am assured of the league's heartfelt sympathy and strong hope that this movement may prove an important step toward the realization of those high ideals of just dealing and good will between nations for the sake of which so many men of both our countries died in the great war."

"I greatly prize the spontaneous expressions of sympathy and support from an organization which holds, as does this one for which you speak, a unique and glorious place in the affections and respect of people everywhere, the earth who cherish liberty, fair dealing and the peaceful processes of progress."

"Please convey to your colleagues in the league my heartfelt thanks."

TO SEND DELEGATION TO DECATUR CONVENTION

At the regular meeting of the local American Legion post, tonight plans will be discussed for sending a large delegation to the state convention at Decatur next week. It is probable that DeSilva's drum corps will be engaged to head the local delegation in the parade, and the post's color standard will be taken along if the delegation is large enough to warrant this. Louis Cain is chairman of the committee which in seeking to send a large delegation to the Decatur meeting.

PRODUCE GREAT CROPS DESPITE EXTREME HEAT

Wheat Crop 157,000,000 Bushels Greater Than 1920

(By The Associated Press)

WASHINGTON, Oct. 3.—Phenomenal heat accumulation which has marked weather conditions all over the northern hemisphere this year has produced equally remarkable and erratic outputs of agricultural crops according to summaries of American and foreign production compiled for and by the agricultural department. The world's bread crops, curiously enough came to abundant fruition in spite of drought and heat which persisted all during the growing season. The world in 1921, up to Sept. 30, it was indicated, had a total wheat crop of 157,000 bushels greater than in 1920.

By another freak, fruit crops, almost in a world wide sense, met havoc from cold in a season which has set new records everywhere for solar heat. This paradox was occasioned by the fact that last February the sun got at its work of bringing spring, weeks in advance of normal, and trees and shrubs responded by budding out and finally coming into flower and bloom by March in nearly all areas where fruit is grown. Frosts could not be averted on all nights, however, and this year the United States will produce about 19,000,000 bushels of apples against 224,000,000 bushels in 1920. Only the orchards of Pacific Coast, Northern New England and Northern New York escaped.

Cotton, however, suffered greatly and the agricultural department experts assign the weather as perhaps the principal cause for a fifty per cent reduction in output. The mild weather of winter and spring gave its famous insect enemy, the boll weevil, full freedom to live and thrive and even let him move north many miles from previous latitudes. Later drought and sun conspired to cut down production of the fibre.

European fruit and subsidiary crops were sharply reduced the department says. Their success, it was said, was due to the fact that they were chiefly fall-sown crops which grew well in the mild winter. The spring sown grains, root, and forage, including oats and barley wheat in the United States as elsewhere lived thru but yielded little. Russia was the one exception in northern territory but in terms of statistical averages, the department says, little grain was sown there. Italian lemons and Grecian currants two of the greater commercial fruit crops were both found in fair condition this fall.

HUSBAND SHOULD WATCH WIFE'S STEP

(By The Associated Press)

LANSING, Mich., Oct. 3.—The Michigan supreme court today laid down the rule that a husband is master in his own home and is guilty of law violation if his wife with his knowledge transacts illegal business in the home.

The decision was given in affirming a lower court verdict convicting John Sydsloot, of Berrien county, of violating the prohibition law. Testimony was introduced at the trial to show that his wife purchased a still, installed it in the basement of the home and sold the liquor.

The supreme court in ruling Sydsloot was properly held as a defendant in the case, declared the "husband is the head of the family and has the right at common law to regulate his household, his expenses and visitors and to exercise the general control of the family management."

EQUIPMENT ARRIVES

A large amount of the laboratory equipment at the high school arrived yesterday and is being installed. The equipment consists of tables and other material for the agriculture, general science, zoology and chemistry laboratories and some of the desks and the reading tables for the library. Tables for the art work were also in the shipment which was received yesterday. The different departments of the high school have been handicapped for lack of the necessary equipment and the students as well as the teachers are glad of its arrival.

Condensed Telegraphic News

(By The Associated Press)

CHARLESTON, Ill., Oct. 3.—The mangled body of Mrs. Presley P. Carson, wife of a Methodist minister, was found late last night beside the Big Four railroad tracks here. It was believed Mrs. Carson was struck by a train while taking her customary evening walk. Her sister was killed in a similar manner twenty-five years ago.

GALESBURG, Ill., Oct. 3.—Thieves who entered the K. & G. gown and blouse shop here some time Saturday night made a getaway with silk and satin gowns and silk blouses valued at \$2,000. The robbers selected only the finest garments in the place and carried them away without interruption.

DAVENPORT, Ia., Oct. 3.—Cherry blossoms bloom in Iowa during October now-a-days. Robert Arrp, a rural mail carrier living on the north outskirts of Davenport, has a tree in full bloom. He has applied to the local weather office for information as to whether he can expect cherries by Christmas day, but has had little hope held out to him.

PEORIA, Ill., Oct. 3.—Yeggmen early this morning dynamited the vaults of the Standard Oil company and escaped with \$3,000 in cash and about \$600 in negotiable securities, according to reports made to the police by R. Coleman, manager. A railroad iron bar, found inside the vault, and a dry cell battery outside, with a number of finger prints are the only clues left for an investigation.

DIXON, Ill., Oct. 3.—Friendship Lodge, No. 7, A. F. & A. M., the second oldest Masonic body in Illinois, will celebrate its eighty-fifth anniversary of its organization Thursday, officers of the Grand Lodge of the state to assist in the ceremonies.

SPRINGFIELD, Ill., Oct. 3.—Gov. Small today accepted an invitation to speak next Thursday before the Macoupin County Farmers' Institute at Modesto.

CAIRO, Ill., Oct. 3.—Mrs. A. W. Weldon, 51 years old, past president of the Illinois Assembly of the Daughters of Rebekah and the first president of the past president's association of that lodge, died today from heart trouble. She was author and director of the Odd Fellows Centennial Pageant at Springfield in 1919 and was a trustee of several Rebekah charitable institutions.

HOPE TO REACH DECISION TODAY IN SMALL CASE

Attorneys Will Try to Agree
on County to Try
Case

(By The Associated Press)

SPRINGFIELD, Ill., Oct. 3.—Counsel for Governor Small and State's Attorney C. F. Mortimer will confer tomorrow in an effort to reach an agreement on some county in which to try the case in which the governor is charged with embezzlement of public funds while state treasurer.

"The conference is to be held in advance of the formal arguments, Wednesday, on the question of a change of venue. It was arranged in an attempt to have all differences over the question settled, so that the transfer of the case to another county might be expedited."

Judge Frank W. Burton of Carlinville, a Democrat, will probably hear the arguments, it was said tonight. If the conference agree tomorrow on another county it is likely that Judge Burton will name the county Wednesday in granting the change of venue, which will be unresisted by State's Attorney Mortimer.

On the eve of the conference speculation over an agreement on some one of the other 101 counties in the state was at its peak. Failure to agree will place the whole matter in the hands of the court, which in any instance must designate the transfer even if any agreement is reached between the state's attorney and the governor's counsel.

RED CROSS COMMITTEE MEETS

The Red Cross Nursing committee of Morgan county met last evening at the home of Mrs. Carl May in Lynnville. This was the regular monthly meeting of this committee and the members went over the work of the past month and made plans for the future work. The committee meets every month at one of the branches. Those who attended the meeting from Jacksonville were Miss Grace Carter, Miss Jacobina Reicke, Miss Catherine Forward and Miss Lucie Mount.

WASHINGTON, Oct. 3.—The National Council of the Woman's party decided last night not to seek congressional action on a constitutional amendment to remove legal inequalities of women until the December session. Before concluding a two days' meeting here, the council approved a draft of a blanket law designed to remove inequalities, which it is proposed to have introduced in each state legislature.

CHICAGO, Oct. 3.—Eight hundred delegates from all parts of the country are here attending the first national convention and seventh centenary celebration of the Third Order of St. Francis, which includes more than 3,000,000 members.

DOWNS, Kans., Oct. 3.—Ten northwestern Kansas towns were in darkness last night as a result of a fire which destroyed the electric light and ice plant here. Besides Downs, the plant furnished electric current for Cawker City, Glen Elder, Portis, Tipton, Gaylord, Harlan, Cedar, Wacanda Springs and Claudell. The loss is estimated at \$100,000 with no insurance.

SPRINGFIELD, Ill., Oct. 3.—Bids on the 13 1/2 miles of state road paving to be opened tomorrow will probably number more than 2,000, highway officials announced today. Requests from contractors for that many proposals have been filled. Tomorrow's opening of road bids will be the largest in the state's history.

SPRINGFIELD, Ill., Oct. 3.—Gov. Small today named his secretary, Miss Selma Schroeder of Kankakee, as "Illinois' Princess" to attend the annual coronation of "King Cotton" at the cotton festival at Waco, Texas, next week. The governor of each state has been asked to name a "princess."

SPRINGFIELD, Ill., Oct. 3.—Gov. Small today honored a requisition from New York for Stanley Jodie, wanted for robbing part of the John Wanamaker payroll. Jodie was an employee of the Wanamaker garage. He was arrested in Chicago.

SPRINGFIELD, Ill., Oct. 3.—Extradition papers were issued by Gov. Small today for J. Brown, alias F. R. Keller, wanted at Dixon on a charge of swindling J. W. Larabee in a confidence game. Brown was arrested at Memphis after he had been recognized on the street by Larabee while visiting the Tennessee city.

SENATOR ALLEGES COMBINATION TO KEEP HIGH PRICES

Says Conspirators Should be
Sent to the Penitentiary

(By The Associated Press)

WASHINGTON, Oct. 3.—Charging that retailers and manufacturers in every state had illegally combined to maintain high prices, Senator King, Democrat, Utah, during consideration of the tax bill today declared the attorney general "should send to the penitentiary thousands of conspirators responsible for paralysis of the trade."

Until the government takes action, he added, there will be no beginning of prosperity. "The evils of unemployment cannot be laid in whole to the effect tax laws have had on business."

Senator King said Senator Nelson, Republican, Minnesota, in a speech Saturday had "emphasized too much" the part labor had played in keeping up prices and added:

"When labor sees retailers and manufacturers refusing to be content with normal profits, it finds justification in combining itself to maintain high wages."

VISITORS FROM NEBRASKA

Mr. and Mrs. O. E. Burton of Palmer, Neb., are spending a few days in Jacksonville, guests at the home of Mr. and Mrs. J. M. Tunis on South West street. Mr. Burton's last previous visit here was ten years ago and he finds that a number of changes have taken place especially in the business district. He is a farmer and landowner and says that general business conditions have been satisfactory in Nebraska, altho the price of farm products is having a depressing effect at this time.

STATE AND CITY OFFICIALS ARE ASKED TO HELP

Must Cooperate to Relieve
Unemployment
Situation

(By The Associated Press)

WASHINGTON, Oct. 3.—Governors and mayors throughout the country were asked by President Harding in a public statement today to organize in each community machinery for the correction of economic conditions along lines worked out by the unemployment conference here.

The conference, the president declared had demonstrated that conditions could not be met properly without such local cooperation. He announced that a central agency would be maintained here under auspices of the conference to give national coordination to the rehabilitation effort. The president's statement follows:

"The conference which I recently summoned to Washington to advise as to the unemployment situation has demonstrated that an unusual volume of unemployment exists and that pending the recuperation of trade, the situation cannot be met in due regard to our obligations and necessities, without a much more than usual organization thru those states and municipalities where unemployment has reached considerable proportions."

"The conference has recommended a plan of organization which has had the support of commercial, manufacturing, professional, and labor representatives of the country. It is highly necessary that more accurate knowledge should be had thru such organization of the volume and necessities of the unemployment."

"It is essential that the cooperation of all sections of each community should be brought into action behind such organization to provide work and assistance that we may pass thru the coming winter without great suffering and distress. It is of national importance that every community should at once undertake such organization in order that the nation may be protected as a whole. Moreover the thoroughness of such a task is sure to start a thousand activities which will add to our common welfare."

"I, therefore, appeal to the governors and mayors of the nation that they should take the steps recommended by the conference."

"In order that there may be unity of action by all the forces which may be brought to bear, whether governmental or private, the unemployment conference is establishing an agency in Washington thru which appropriations cooperation can be promoted, and thru which reports on all progress and suggestions may be given general regulation and cooperation. I trust this agency will be supported in this endeavor."

Final plans for the central employment agency are practically completed conference officials said and Secretary Hoover is to make an announcement tomorrow outlining the character of the organization. Colonel Arthur Woods former police commissioner of New York is understood to be under consideration for appointment as head of the agency.

FINDS JEWELS WORTH \$40,000

(By The Associated Press)

POPULAR BLUFF, Mo., Oct. 3.—Jewels valued at \$40,000 and reported lost by Mr. and Mrs. E. L. Gros of Paris, France, while enroute from Dallas, Texas, to Philadelphia, were found near DeSoto, Mo., late Saturday afternoon by Perry Anderson, aged 55, a pool and billiard hall owner at that place, according to information here tonight. The disposition of the jewels had not been disclosed.

Mr. and Mrs. E. L. Gros are now reported to be visiting in Philadelphia. It is believed that the jewels were stolen by a fellow passenger on the train in which Mr. and Mrs. Gros were riding and that they were thrown out of the window with the intention of being recovered later. Anderson found the jewels as he was walking along the railroad track.

EMBEZZLEMENT IS CHARGED AGAINST NEBRASKA BANKER

E. R. Guernsey Placed Under Arrest at Omaha
Following a Grand Jury Probe—Gives
Bond of \$10,000—Several Others are Held
On Same Charge—Deputy Sheriffs Busy

(By The Associated Press)

OMAHA, Neb., Oct. 3.—E. R. Guernsey, widely known Nebraska banker, president of the defunct Lion Bonding and Surety company, was arrested tonight on indictments returned by the stock jobbing probe grand jury charging embezzlement. Eight have been arrested of 97 indicted in fifty eight true bills returned by the jury. Three indictments were returned against Guernsey, each containing two counts charging embezzlement and theft of more than \$300,000 of funds, certificates of deposit and notes belonging to the Lion Bonding and Surety company. He was released under \$10,000 bond.

Marion F. Shafer and Ward E. Shafer, brothers, who were arrested early today were still detained by the sheriff at 9 o'clock tonight. At 9 o'clock Ward Shafer succeeded in furnishing \$10,000 bond supplied by a local high school teacher, Miss Ella Pearl Schrivens, and a realtor, and was released. M. F. Shafer was released at 10 P. M.

Samuel B. Musser, president of the American Brokerage and Development company also indicted had not been able to procure bondsmen at 10 o'clock tonight. Deputy sheriffs are busy serving summons on the 97 persons indicted altho they have had some difficulty in locating most of them. It is reported.

E. R. Guernsey has had a wide experience in banking and business circles in Nebraska and was formerly president of the First National Bank of Fremont, Nebraska. He came to Omaha in 1918 to take charge of the Lion Bonding and Surety company. He surrendered voluntarily to the authorities it was said at the court house tonight.

His bond was furnished by Wilson S. Weston connected with the Peters Trust company of Omaha. His bondsmen said tonight that the wife of M. F. Shafer had suffered a nervous breakdown since the arrest of her husband earlier in the day. It was for this reason they said that "such strenuous effort" were being made to procure Shafer's release.

INVESTIGATION BY GRAND JURY OF KLAN CLASH

Believed Officials Await
Outcome of Wounded
Men

WACO, Tex., Oct. 3.—With three men still in a critical condition tonight as a result of knife and pistol wounds received Saturday night during a clash at Lorena, near here, when Sheriff Bob Buchanan attempted to halt a parade of Ku Klux Klans, interest centered about what steps officials would take to place responsibility for the injuries inflicted.

In best informed quarters this evening it was stated that District Judge R. L. Monroe and F. B. Terry county attorney were endeavoring to call the grand jury but they probably would await the outcome of the victims' injuries before acting.

So far the only comment offered by state officials came from Governor Pat M. Neff, who in a statement to be published tomorrow in Waco News-Tribune expressed great regret that such a thing should occur anywhere in this state, and announced that he had ordered officials of McLennan county any assistance they might need in throwing light upon the affair. Waco is the home town of Governor Neff.

Of ten men injured during the fight, eight are still in hospitals. Sheriff Buchanan, Ed Howard and Louis Crow are those regarded as the most seriously hurt. Sheriff Buchanan has bullet wounds in the right lung and left leg. Howard and Crow were spectators at the parade, were stabbed. Crow, it was reported, has made a statement to relatives saying he had recognized his assailant.

SEWER COMMITTEE MET

Members of the citizens' sewer committee met Monday morning for a brief business session. At this meeting the lists of prospective guarantors for the preliminary survey fund were checked over. The committee members are now ready to begin the campaign to secure the necessary names to complete the list of 500 guarantors.

DENY STATEMENT THAT PRISONERS ARE IN DANGER

Conditions Investigated
by Morgan Representative

(By The Associated Press)

WILLIAMSON, W. Va., Oct. 3.—Governor E. F. Morgan today requested Major Tom Davis, his personal representative in Mingo county to investigate a statement made to delegates attending the convention of the United Mine Workers of America at Indianapolis that the lives of miners in the Mingo county jail were in positive danger and that there was "reason to believe that the lives of President C. F. Keeney of the West Virginia district and Secretary Fred Mooney and others are in jeopardy."

At the close of the investigation this afternoon Major Davis denied the statement.

Following the investigation, Mr. Keeney who is in the Mingo jail on a charge of having been implicated in the shootings in the disturbances in the coal fields last May made a statement in the presence of Major Davis, Sheriff A. C. Pinson, Deputy Sheriff John Hall, and newspapermen.

He said: "Last Wednesday night deputy Sheriff Hall came to the jail accompanied by Don Chafin, sheriff of Logan county, J. W. P. St. Clair, and some gentlemen I did not know."

"Four of us were sitting on a mattress namely: myself, C. H. Workman, James Kirkpatrick and Dave Phillips. Mr. Chafin asked: 'Is this Workman?' Workman said yes. He then asked for Mr. A. D. Lavender. Mr. Lavender who was sitting in a cell appeared at the cell door. I then raised up from the mattress and asked: 'do you want to see me?' announcing my name as Keeney and extended my hand thru the bars."

We shook hands. At this juncture they started to go down the stairs. Workman addressing Chafin, said, 'come in and get your feet wet,' in a joking way. Chafin in reply to Workman stated: 'I am not due in there yet. I think you fellows will get your feet wet before you get thru.' That is all that was said."

After Mr. Keeney had been taken from the sheriff's office where he made the statement to the jail he added the following: "This statement has no connection with, or bearing on the committee appointed at the Indianapolis convention to call on President Harding."

C. H. Workman and A. D. Lavender mentioned in M. Keeney's statement are organizers of the United Mine Workers who are in jail charged with violating the proclamation of martial law imposed by Governor Morgan.

Ralph Y. Smith of Springfield was a business visitor in the city yesterday.

GOOD ROADS MEETING AT NORTONVILLE

The county commissioners with County Clerk G. L. Riggs, County Treasurer Grant Craft and L. V. Baldwin, superintendent of highways, will make an expedition to Nortonville today in the interest of better road conditions. The Morgan county officials have accepted the invitation of Leonard Dalton to take dinner at his home. It will be a sort of community affair and various people in the neighborhood will attend the dinner and will bring eatables with them.

Good roads talks will be in order and it is expected that there will be some practical benefits from the gathering.

Mr. Dalton is a real good roads booster himself. During the past summer he furnished the county board a tractor and a boy to drive it for dragging work on the highway. The tractor was used for 15 1/2 days and Mr. Dalton made no charge either for the machine or the driver. The county furnished the oil that was used while the work was in progress.

MUST APPEAR BEFORE THE FEDERAL COURT

Charles Seymour Arrested on Charge of Sending Obscene Letters Thru the Mails.

Charles Seymour of this city was arraigned yesterday in the federal court at Springfield to answer the charge of sending obscene matter thru the mails. He was placed under \$2,000 bond to await trial. The charge against Seymour was presented before the federal grand jury in Quincy last week and an indictment was returned.

W. O. Baumgartner, postal inspector, had been working on the case for a number of months and it was he who arrested Seymour and took him to Springfield yesterday. Seymour is charged with having written obscene letters to Mrs. Cora Caywood, an employe at Illinois Woman's college, and to various persons connected with the management of the college.

Twenty-seven typewritten letters, couched in the vilest language, are in the possession of the postal authorities and it is the claim of the department that Seymour is the author of all these letters, which were mailed at intervals during the past six months.

INDEES WON CLOSE GAME FROM CHAPIN

Defeat Visitors by Score of 2 to 1—Winning Run Comes in the Ninth.

The Indies defeated the Chapin team at South Side park Sunday afternoon by a score of 2 to 1. It was a game devoid of features and marked by poor base running on the part of both teams.

Each team threw away many chances to score and several times wild and weird work on the paths cost runs. It was about the poorest exhibition of this department of the game we have seen in many days.

Hamm and McCray both pitched good ball and kept the hits well scattered. Then good bits of fielding several times pulled both out of holes. In the sixth A. McDaniel pulled down Christopher's fly and doubled Clark off second and in the seventh De Frates made a good running catch of J. Smith's hit and doubled E. McDaniel off of first. A. Smith stole a hit from Christopher in the ninth by a one handed catch of his liner.

Wheeler had a hard day at first base as everybody was pegging badly. He also had a good day at the bat walking three times and sacrificing once. Devlin made a great stop of A. Smith's hit in the ninth inning and retired the runner at first.

The Indies scored a run in the first and Chapin tied it in her half of the second. During the remainder of the game up to the ninth both teams had many chances to score only to lose them by poor base running. In the ninth with two down De Frates singled to left and went clear to third when Morrow threw the ball by Mackey at second. He scored the winning run when A. Smith juggled Hamm's grounder.

THE FAMOUS SOLDIER

Colonel Dan Morgan Smith To Speak at Jacksonville.

Colonel Dan Morgan Smith, leader of the "Battalion of Death," 1st Battalion, 358th Infantry, 90th Division, A. E. F., during the late World War will speak at the Central Christian church Friday, Oct. 7th, at 7:30 p. m.

He will tell of his experiences in the war while in service overseas. Colonel Smith took part in the St. Mihiel drive at Faye-en-Haye and his battalion was a part of the American forces which advanced on Hill No. 350-4 Les Quatre Chemins, where the battalion, surrounded by three German regiments, fought its way thru and was given the name of the "Battalion of Death." Colonel Smith possesses most unusual talents as a descriptive speaker, which coupled with a magnetic power seldom seen, affords a rare opportunity of intense interest and instructive value.

The speaking tour of Col. Smith is under the auspices of the World League Against Alcoholism.

The admission to all of Colonel Smith's lecture is free.

WINCHESTER WOMAN PASSED AWAY HERE

Death of Mrs. Minnie Milliken Came at 10:30 Sunday Morning—Funeral in Winchester Today.

The death of Mrs. Minnie Milliken of Winchester occurred at 10:30 o'clock Sunday morning at the home of her sister, Mrs. W. W. Mitchell, 304 South Main street. Mrs. Milliken had been in ill health for a number of months and had been a patient at Our Savior's hospital recently. She was born near Winchester thirty-six years ago and was the daughter of John Edward and Sadie Burns. On Dec. 24, 1903 the decedent was united in marriage to Charles H. Milliken, who survives.

Other survivors are the parents, two brothers, Grover E. Burns of Canton, Ill., and Frank Burns, of Winchester, and one sister, Mrs. Margaret Mitchell of Jacksonville.

Mrs. Milliken was a member of the Christian church, having united with that organization in early life. She was a woman of fine Christian character and her death will bring a sense of deep loss to many in her home community.

The remains will be taken to Winchester Tuesday morning and funeral services will be held at 10:30 o'clock at the Christian church there. Rev. W. R. Johnson officiating. Burial will be made in the Winchester cemetery.

PENSIONS SECURED FOR MANY PERSONS

Claims Presented By Congressman Shaw for Persons in This District.

Harvey J. Harney, of Woodson, a war veteran, has been allowed compensation by the government of \$100 a month and a back allowance of \$700. This case was given consideration after Congressman Guy L. Shaw had presented the facts to the government.

Another pension case which has had the attention of the congressman is that of George E. Smith of this city, whose compensation has been increased 25 per cent, effective until further notice.

One of the most interesting pension cases in which Congressman Shaw has interested himself has been that of Mrs. Elizabeth Stone, widow of Irvin W. Stone, of Beardstown, who has been allowed a pension under the Indian war act at the rate of \$12 a month, effective from March 4, 1917, and will thus receive \$450 as the first payment.

The claim had twice been rejected by the pension bureau after presentation by Congressman Shaw's predecessor. The first time it was rejected on the ground that Stone was not a Civil War veteran and the second time on the ground that he did not die of disease contracted while in the military service of the country. However, after Congressman Shaw learned that Stone was a veteran of the Indian wars, having enlisted in Co. C, 2nd U. S. Infantry, July 12, 1876, and was entitled to a pension under the act of March 4, 1917, he again took the case up with the bureau March 19 of this year. His presentation of the facts brought about the result desired by Mrs. Stone. Other pensions and increases which Congressman Shaw has been active in securing are as follows:

Charles L. Howey, Beardstown, \$12 per month.
Mrs. Cecil Piper, Mt. Sterling, \$30 per month, and first payment of \$210.

David H. Welch, Winchester, pension increased from \$50 to \$72 per month.

Sanford Wells, Beardstown, compensation increased to \$30 a month, and back allowance of \$450.

Mrs. Sarah A. Toland, Baylis, \$30 a month and back pay of \$180.

100 SUITS REDUCED THIS WEEK, ALL NEWEST FALL AND WINTER STYLES FOR LADIES AND MISSES IN CHOICEST MATERIALS AND COLORS, A SAVING NOW OF \$7.50 TO \$10.00 ON EACH SUIT. SPLENDID VALUES AT \$27.50, \$37.50 AND \$47.50.

SURE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two ounces of calomel powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dirt and dirt and secretions from the body that form in the pores of the skin—pinching and squeezing only cause irritation, make large pores, and do not get them out after they become hard. The calomel powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anybody troubled with these unsightly blemishes should certainly try this simple method.

SCOTT PLEADS GUILTY TO BOOTLEGGING CHARGE

In the county court yesterday Jefferson Scott, colored, living on Lurton street, entered a plea of guilty to the charge of bootlegging. Judge Samuel ordered a fine of \$100 and costs and a jail sentence of 60 days. State's Attorney Robinson, who filed the information under which Scott was arrested, indicated that he intends to bring an injunction suit directed against the house in which Scott is living.

Under the present Illinois law such an injunction can be brought in the county court, the steps leading to such a suit being much than was true before this law was passed. This measure also makes it possible to have a place declared a nuisance after one offense against the law has been shown.

The state's attorney warned Scott yesterday that if he is guilty of a second offense he has a chance of going to the penitentiary. Judge Samuel also warned the defendant not to be brought in to county court again.

ANNOUNCEMENT.
As the candidate for the Republican party for county commissioner selected at the recent convention, I will appreciate support given me at the polls, and if elected will fill the office to the best of my ability.

WHITE HALL WINS FROM SHAPLEIGH'S

Defeat St. Louis Team by Score of 6 to 1—Game Was Good One Until Eighth When Visitors Blew Up.

WHITE HALL, Oct. 2.—Playing good, clean baseball, White Hall defeated the Shapleigh Hardware Company team of St. Louis in an excellent game at the local American Legion Park Sunday, the score being 6 to 1.

The game was fast and very close until the eighth inning when the visitors turned loose all the error they had in captivity and allowed four runs to cross the plate. Big John Wright, pitching for White Hall, was in great form, striking out nine men and allowing but four hits. The locals collected seven hits off Weisie, the St. Louis pitcher. Weisie did good work on the mound, and did not allow an extra-base hit, the errors behind him resulting in his downfall. In the eighth inning Weisie pounded out one of the most terrific two-base hits seen on the local diamond this year, driving in the visitor's only run.

The battle was hard fought and very close until the terrible eighth, and proved to be one of the best games played at the local park this season.

The Shapleigh outfit is a fast one and displayed more real fight than any visiting team has shown here this season. The visitors ranked second in the St. Louis Industrial League this season and are in a class with the Illinois Sangamon of Springfield. Orr, first baseman, lead in batting for the locals, making two hits in four trips to the plate. Grady of Springfield caught for White Hall and did some good work. He is a good, all-round man and is a great addition to the local lineup. He played in hard luck when he dropped a beautiful throw from Haven and allowed the visitors to score their only run.

The same teams will play next Sunday and it is expected a large crowd will be on hand to see the contest.

Just a few bushels of those old fashioned Belleflower apples today.

BAPTISTS CONFERENCE WILL OPEN TOMORROW

Two County Association Conven-
tions to Hold Sessions at Union
Baptist Church — Evangelistic
Meeting Tonight.

The Morgan and Scott county
Baptist association, comprising
the Baptist churches in these two
counties, will meet in annual ses-
sion at Union Baptist church in
Pisgah, tomorrow and Thursday.
The session will be preceded to-
night by an evangelistic confer-
ence, at which Rev. T. N. Marsh
will preach. The morning session
at 9:30 o'clock Wednesday will be
largely consumed with the reading
of church letters, appointment of
committees and the transaction of
general business. This session
will conclude at 11:25, with the
introductory sermon by Rev. A. P.
Howells of Jacksonville.

The afternoon session at 1:30
is distinctively missionary, when
reports on associational, state,
home and foreign missions will be
given. Addresses will be made by
Rev. W. R. Johnson of Winchester,
Rev. M. O. Hopkins, Normal,
Rev. A. E. Peterson of Chicago
and Missionary L. F. Wood of
Congo, Africa. During the woman's
hour at 4:15 p. m. Mrs. A.
R. Wadsworth of California will
speak.

The night session at 7 o'clock
will be educational and President
G. M. Potter of Shurtleff college
at Alton will speak. An evangel-
istic sermon by Rev. W. R. John-
son will conclude the day's ses-
sions.

The two principal addresses at
the Thursday morning session be-
ginning at 9:30 will be by Supt.
N. T. Hafer, of the Huddellson or-
phanage at Irvington, and Rev. S.
McKinney of Alton. In the af-
ternoon a missionary sermon will
be preached by Rev. F. E. Wright
of Ashland, and an address en-
titled "The Liquor Traffic Today"
will be delivered by Rev. George
H. Yule of Springfield, which will
be followed by the doctoral ser-
mon preached by Rev. J. W. Allen
of Waverly.

The Thursday night session will
begin at 7 o'clock and it is young
people's night. The state director
of Sunday school and B. Y. P. U.
work, Rev. G. H. Koeler of Normal,
will address the association. A
delegation from the Jacksonville
B. Y. P. U. will motor over.
A Kentucky evangelist will con-
clude the two days' session with
an evangelistic sermon.

afternoon.

Birthday Surprise for Miss Ida Venner

Miss Ida Venner, superintend-
ent of Passavant hospital was giv-
ing a birthday surprise Sunday af-
ternoon by the officers and grad-
uate nurses of the hospital. A
pleasant social hour was spent on
the sun porch and later dainty re-
freshments were served. The de-
corations were pink roses. About
twenty five were present.

Opportunity Circle Grace Church

The Opportunity Circle of the
Grace church held the regular
monthly picnic supper and meeting
at the church last evening. At
six thirty an excellent supper was
served and after supper a short
program was given. Mrs. Edgar
Martin gave a number of piano se-
lections and Mrs. Stella Shuff
sang a group of songs. All the
members took part in the in-
teresting Bible contest games.

A business meeting was held
and the following officers for this

day on the subject "Woman's
Part in the Modern World." In a
very interesting manner Mrs.
Carter took up the varying activi-
ties of the modern woman and the
important part which she plays in
the work of the world of today.
Following the paper and the gen-
eral discussion a social hour was
enjoyed and the hostess served
delicious refreshments.

K. OF C. SECURE GOOD ATTRACTION

Perceval Vivian Players Will
Present "Her Own Money"
Under Auspices of Knights of
Columbus at Liberty Hall.

Jacksonville Council No. 868,
Knights of Columbus, will present
the Perceval Vivian Players at
Liberty Hall Thursday evening in
Mark Swan's comedy, entitled
"Her Own Money."

Last year the council presented
a series of artists' entertainments
and were well pleased with the
venture. They had expected to
present a series of plays this year
but owing to being unable to get
desirable dates this will be the
only attraction coming under the
auspices of the Council.

The curtain will go up promp-
tly at 8 o'clock and no doubt
friends of the council will give
the players liberal patronage.

MATRIMONY

Poster-Brogden

Charles Robert Poster and Miss
Susie Brown Brogden both of this
city were united in marriage at
2:30 o'clock Monday afternoon by
Justice J. A. Crum at his office in
the Unity Building. They will
make their home in this city.

Funerals

Crawford.

Funeral services for William
Crawford of Ellisville, Ill., were
held at 2 o'clock Monday after-
noon at East Cemetery, Rev. J. P.
Langton officiating. Members of
the local Knights of Pythias lodge
served as pall bearers. They were
Charles Rataichak, J. F. Claus, R.
C. Washburn, Morrison Worth-
ington, J. V. Tatum and Mortimer
Triplett. The deceased passed
away at Jacksonville State hospi-
tal Saturday.

Wallace

Funeral services for Mrs. R. B.
Wallace were held from the resi-
dence in Chapin at 2 o'clock Mon-
day afternoon in charge of the
Rev. Ivan Agee of Monmouth.
There was a large gathering of
friends and relatives to pay a last
tribute of respect to the memory
of the deceased.

Music was furnished by Mrs.
Fred Eller, Mrs. Ben Taylor,
Frank Calloway and John Taylor.
The flowers were cared for by
Misses Doris Anderson, Mildred
Anderson, Leona Brockhouse and
Marie Grady.

Burial was in Jordan cemetery,
the bearers being George, Horace,
Albert, Wesley, Oliver and John
Anderson.

THREE ARTISTS TO APPEAR IN CONCERT

Vera Barstow, Violinist, With
Amy Ellerman and Calvin Cox
Soloists Will be Heard Here
Next Wednesday.

Brady Bros. will present Miss
Vera Barstow, violinist, Miss Amy
Ellerman, contralto and Mrs. Cal-
vin Cox, tenor, in a recital at
Northminster church on Wed-
nesday evening October 5th at
8:15.

Miss Ellerman's voice is of rare
purity and flexibility. With such
an organ and the thorough training
which she has had in this country
and abroad it is not astonishing
that she is receiving the universal
approval of press and public where-
ver she appears.

Miss Barstow is one of the lead-
ing women violinists of America.
At her recent Aeolian Hall recital,
New York City, the critics of the
prominent daily and musical
papers acclaim her a rising artist
of the first rank. Her success
has been repeated everywhere she
has appeared this season. She
possesses a personality of rare
charm and is sure to prove a
great favorite here.

Mr. Cox always pleases in his
tenor arias and solos and he will
prove a valuable third member of
the trio.

Brady Bros. are receiving num-
erous requests for cards of ad-
mittance and it is advisable to se-
cure tickets as soon as possible
as seats are limited.

Richard is also ill with typhoid.

PRESIDENT OF

REBEKAHS DIES
Mrs. J. J. Reeve received word
yesterday of the death of Mrs.
Mary E. Weldron at Cairo, Ill.
Burial took place last Wednesday.
Weldron was past president of the
Rebekah state assembly and has
visited in Jacksonville quite a
number of times. She has many
friends who will regret to learn of
her death.

GUEST OF DR. WADSWORTH

Dr. C. E. Welch, who has been
in London attending the ecumeni-
cal conference, has written Dr.
Harker that he is to go soon to
Chateau Thierry, where he will be
a guest for several days of Dr. and
Mrs. Julian Wadsworth. Dr.
Welch will spend several weeks in
Europe before starting on the re-
turn trip.

There is
Strength in
Every Tablet

One dose often
helps commence to
enrich your blood
and revitalize your
worn out exhaust-
ed nerves—Nuxat-
ed iron—like organic
iron, like the iron in
your blood and like
the iron in spinach,
it is so prepared that
it will not injure the
teeth nor disturb the
stomach. It is ready
for almost immediate
absorption and assim-
ilation by the blood,
while some physicians
claim metallic iron
which people usually
take is not absorbed
at all. If you are not
strong or well you
owe it to yourself to
make the following
test: See how long
you can work or how far you can
walk without becoming tired. Next
take two five-grain tablets of Nuxat-
ed iron—three times per day, after
meals, for two weeks. Then test your
strength again and see how much
you have gained. Your money will be
refunded by the manufacturers if you
do not obtain perfectly satisfactory
results. At all druggists.

NUXATED IRON
For Red Blood, Strength and Endurance

Why The First Aid To
Good Health Is Pure Blood

Waste Products in the Blood Cause Many Forms
of Rheumatism, Skin Disorders, and
A Lowered Vitality.

Many People Do Not Understand Nature's Warning.

When you have that feeling of
fatigue; when you lack the energy
you need for the day's duties
and pleasure; when you are trou-
bled with pimples, blackheads,
bad boils, sores or some other
skin eruption; or when you have
rheumatic pains in the muscles
and joints, don't wait until you
collapse in a state of nervous
prostration, or until in your weak-
ened condition you contract some
serious disease, but start at once
to get the waste products out of
your blood.

Nature has certain peculiar
ways to warn us. Fortunate,
indeed, is the person who knows
her danger signals.

Thousands and thousands of
men and women during the past
50 years have relied on S. S. S.
to clear their blood of waste prod-
ucts. S. S. S. will improve the

quality of your blood by relieving
you of the waste products which
cause impoverished blood and its
called troubles—skin disorders,
rheumatism and a lowered vi-
tality.

The same qualities which give
S. S. S. its beneficial effect in
clearing your blood of waste prod-
ucts make it extremely desirable
for keeping your blood in good
condition.

S. S. S. may be had at any drug
store. Write to Chief Medical
Director, Swift Specific Co., 715
S. S. S. Laboratory, Atlanta,
Ga., and let him help you regain
your health and strength. Give
him a full description of your
case. He is helping people every
day (without charge). Ask him
to send you his booklet, "Facts

Charm of Motherhood

THERE are many
homes once child-
less that now are blessed
with healthy, happy chil-
dren, because Lydia E.
Pinkham's Vegetable
Compound restored the
mother to a healthy, nor-
mal physical condition.

The following letters
give the experience of
two young women and
prove the value of Lydia
E. Pinkham's Vegetable
Compound in such cases.

Chicago, Ill.—"I was always tired, my head always ached, and my back
ached until I could hardly stand the pain. I doctored for years, and
the doctor said nothing but an operation would help me, and that I could
not have children. A friend asked me to try Lydia E. Pinkham's Vegetable
Compound. I took six bottles of it and it helped me wonderfully, and I
now have a fine baby boy, thanks to what your medicine did for me in re-
storing my health. I can highly recommend the Compound to all women
who suffer from female ills."—Mrs. Wm. Reiss, 304 Willow St., Chicago, Ill.

Marinette, Wis.—"I was in a very nervous condition, was irregular, and
could not have any children. I took doctor's medicine without suc-
cess, and he advised an operation. My husband brought me one of your
booklets and asked me to try Lydia E. Pinkham's Vegetable Compound.
I soon felt benefitted by its use, became regular, and now we have a fine
baby girl after having been married nine years. I am always glad to recom-
mend Lydia E. Pinkham's Vegetable Compound to my friends who suffer
from such troubles."—Mrs. H. B. Held, 330 Jefferson St., Marinette, Wis.

OF EDUCATION HELD LONG SESSION

Each Discussion Ended Over Various Matters—Adopted Rules for Use of Auditorium.

The Board of Education met last evening at 7:30 with President Lippincott in the chair and the following members present, Dr. W. P. Duncan, Thomas Hopner, G. S. Rogerson, C. A. Fied-

ler, A. C. Metcalf and H. L. Caldwell and Supt. Perrin. Mr. Rogerson read the report of the finance committee. The report showed a total of bills against the board of \$2695 and the total of the payroll as \$13,183.16. A motion was then made and carried that the board anticipate its legal financial requirements. In conjunction with this motion another was made and carried that warrants be issued to cover the bills amounting to \$2695 and the payroll, \$13,183.16. The rest of the report shows a balance on

hand Sept. 30 of \$25,072.50 due on furnishings for the building was given in the report.

The chair next asked for the report of the building committee, which was given by Mr. Hopper. He first made a few remarks mentioning a few details of the construction that have not as yet been completed. In regard to these matters a motion was made and carried that Supt. Perrin write to the architect about these matters needing attention.

Mr. Woods, engineer, made remarks about some of these things. The need of a light in the fan room was brought up with the result that a motion was made and carried that Supt. Perrin and the committee be authorized to arrange for lights in the fan room. Mr. Hopper then pointed out the needs of extinguishers in the building, especially in the cafeteria, manual training rooms, domestic science rooms, or other places where there is any danger from fire. A motion was then made and carried that the committee and Supt. Perrin be authorized to place the necessary fire extinguishers in the building.

Attention was called to the fact that marauders had been breaking into the Springer property across the street from the David Prince building and that this house could be protected by renting it to someone, for a short time at least. The building and grounds committee was then given permission to act as it sees fit by a motion unanimously carried.

Talk of Shrubbery.
The external appearance of the building and grounds was the next topic for general discussion, with the main issue some proposed shrubbery. Several aspects of the question were presented. It was generally agreed that shrubbery would beautify the grounds, if it was of a low variety. Tall bushes were discouraged, however, as they are a menace to autoists. It was also found that the board could not possibly do anything at the present time that would require a further outlay of funds. The suggestion was made that the matter might be put to the students. No definite action was taken and the subject was filed for future reference.

Use of Auditorium
The building committee has prepared a schedule governing the use of the auditorium by outside organizations, which was adopted by the board. The schedules provides that for the use of auditorium in the day time with no admission charged, a fee of \$10 would be charged, for use with admission in the day time, the charge would be \$20. At night with no admission the charge is fixed at \$20 and with admission, under fifty cents, \$30, with admission over fifty cents, \$50. Reasonable allowances would have to be added for heat and light. One practice session would be allowed and other liberties, with the approval of Supt. Perrin and the committee.

The rules and regulations of the auditorium also state that it is to be used by organizations of an educational nature and that in the matter of religious meetings, the committee and Supt. Perrin would be the judges as in all other cases, and that no discrimination would be made against any particular organization or sect.

Supt. Perrin then discussed the matter of the furniture and the general color scheme supposed to be carried out thru the building.

and stated that almost all of the furniture conformed with the color arrangement. The plan to follow regarding the furniture that does not fit the color scheme has not yet been evolved, but is being looked into by the proper committee.

A communication was read from Miss Catlin, of the Social Service League, requesting a room in the high school for one hour on Saturdays, for a social service class. After due consideration it was decided to withhold a definite statement until the entire building and heating plant has been gone over by the architect and approved. It is thought best by the board to not open the building to the public until after the opening day which the board will hold just as soon as the building is completely equipped and finished.

The superintendent then read another letter, this one from the Illinois State School Board association. The letter was an invitation to the annual meeting in Springfield in October 27 and 28. Several members of the board will probably attend.

Mr. Perrin commented on the remarkable record of the school attendance in this city and read his attendance report for the month.

Enrollment, yearly, 2276; average daily attendance, 2130.5.

Health Report—Professional visits, school and agencies, 155; home visits, 41; contagion, number inspections, 175; weighed and measured, 1516.

Attendance Report—Number cases reported for absence, 34; number cases reported for truancy, 13; visits of parents, 45; visits to schools, 13.

Revolve Banking Contracts
Another important matter brought to the board's attention last night was that concerning a banking system being installed in the school by some banking firm. It was found that it would be impractical for local firms to co-operate and outsiders were viewed with general disfavor. To this effect a motion was made and carried that all previous contracts with any company to install and maintain their system of banking in the Jacksonville High school be revoked and the concern under contract be notified.

It was found that certain supplies were needed in the schools of the city so a motion was made and carried that the necessary supplies be purchased by superintendent and committee for that purpose. The remaining business was disposed of thru several motions authorizing the payment of bills due for work on the stage scenery, a motion giving the superintendent power to purchase drinking devices needed for immediate use in the buildings, and a motion authorizing the teachers committee and Supt. Perrin to look into the matter of getting out a pamphlet containing the rules and regulations of the board of education.

This concluded the business for the evening, after which the board adjourned for an informal discussion of general matters.

RECREATION PROJECT.
Alderman Ehnie at the city council session Monday night suggested that the old light plant building near the city hall be used temporarily for recreational purposes. The council agreed to the plan and the building, under the direction of Alderman Ehnie is for the use of Boy Scouts or other organizations for recreational purposes. No doubt individuals or organizations will aid Alderman Ehnie in securing whatever furnishings are necessary.

RESIGNS AS TREASURER
Mrs. George G. Guthrie, who has served as treasurer of Westminster church for the past seven years, recently resigned her position. Mrs. Guthrie has filled the position with unusual ability and in accepting the resignation the trustees of the church wrote Mrs. Guthrie and expressed their appreciation of her work. James E. Bentley has been named treasurer.

WILL MEET TODAY
The county Red Cross nursing service will meet with Mrs. Carl May this afternoon at her home in Lynnville. This is the regular monthly meeting.

FUNERAL OF MRS. R. B. WALLACE AT CHAPIN

Long Time Resident of County Laid to Rest Sunday Afternoon at Jordan Cemetery—Other Chapin News.

Chapin, Oct. 3.—Funeral services for the late Mrs. R. B. Wallace were conducted at the family home in Chapin, Rev. Ivan Agee officiating. Music for the occasion was furnished by Mrs. B. J. Taylor, Mrs. Luitie Eiler, John Taylor and Frank Calloway.

The many beautiful flowers were in charge of Mrs. F. P. McKinney, Misses Marie Grady, Doris Anderson, Mildred Anderson and Leona Brockhouse.

Interment was made in the Jordan cemetery and the bearers were: George W. Anderson, O. C. Anderson, W. W. Anderson, Horace H. Anderson, John Anderson and Albert Anderson nephews of the deceased.

Among those from a distance who attended the funeral were: Mrs. Nellie Hill and sons, Bert and Roy, Kewanee; Dick Wallace and daughter, Anna of Kansas; Warren Wallace Mr. and Mrs. O. C. Anderson, Mr. and Mrs. Klein Schmidt, Pittsfield; Mr. and Mrs. J. E. Vincent, Springfield; Levi Hodges and daughter Ollie and son, Ancil, Meredosia.

Mrs. H. E. Tucker and Mrs. W. W. Anderson were among the Jacksonville shoppers Saturday.

Mr. and Mrs. Lloyd Ross and children of Jacksonville spent Sunday with Mrs. Ada Funk. Mrs. Funk accompanied them home for a visit of several days.

Werner Ouker came up from St. Louis Saturday evening for a short stay with his parents, Mr. and Mrs. Gustav Ouker. Werner made the trip in his Ford coupe and stored the car here for the winter, going back Sunday afternoon on the train.

Mrs. F. P. McKinney was among the Jacksonville shoppers Saturday.

Richard Wallace and daughter from Kansas are at the home of R. B. Wallace called here by the death of Mrs. R. B. Wallace.

The community was shocked by the death of Mrs. R. B. Wallace Saturday evening. While she had been sick several weeks, her condition was not considered critical until the last two days. The family have the sympathy of the entire community in their bereavement.

Miss Hazel Antrobus, bookkeeper at Cherry's Service station spent Sunday with home folks.

Miss Barbara Smith, a student at Woman's College, spent the week-end with her parents, Mr. and Mrs. H. O. Smith.

PROWLERS GREETED WITH LOAD OF SHOT
James Bates of North Diamond street, had unwelcome visitors at his house about 8 o'clock last night. By good luck he saw his visitors before they saw him and quickly secured a shot gun. The prowlers were two men and Mr. Bates observed them loitering in his back yard.

He took a shot at them but is uncertain as to whether or not they were hit. He reports that from the speed they used in leaving his backyard via a cornfield, they were not seriously injured. A few more warm receptions like that one would do a great deal to stop the petty thieving in the city.

MACOUPIN COUNTY MINES
CLOSED FOR LONG PERIOD
W. B. Rogers has just returned from a business trip to Macoupin county and reports that the large mine at Standard City, owned by the Standard Oil Co., has been shut down and several hundred men thus thrown out of employment. It is reported that the shut down is the result of a strike on the part of the miners, and that the mine will be closed for at least six months.

Mr. Rogers says that the mines at Nilwood and Girard are now closed and that there is consequently much unemployment in that section of the state. The refineries of the Standard Oil Co. located near Carlinville are now using oil as fuel and the demand for coal is therefore quite materially reduced.

Just a few bushels of those old fashioned Belleflower apples today.

Frank J. Heinal, cashier of the Farmers State Bank & Trust Co., was a business visitor in Brown county yesterday.

BAPTIST CHURCH HAD RALLY DAY PROGRAM
Annual Homecoming and Rally Day at Local Church Sunday Attended by Many—Rev. M. L. Pontius is Speaker of Afternoon

The annual homecoming and rally day at the First Baptist church Sunday was attended by more than three hundred persons. The first service of the day was the Sunday school, which was attended by 225 persons. At the morning service the pastor, Rev. A. P. Howells, delivered a strong sermon on "Home," and there was a program of special music.

At the noon hour, a bountiful dinner was served in the church basement. Members of the church and their friends brought well filled baskets and the contents of these baskets made up an array of eatables which was indeed tempting.

The afternoon program began soon after dinner. C. H. Story presiding. The address of welcome was made by Alex Rabjohns, and the response on the part of those who have returned after the vacation period was made by Prof. Lacey of Illinois college.

E. C. Rutherford delivered a brief memorial address in memory of Rev. A. A. Todd, former pastor of the church, and J. K. Long, both of whom passed away during the previous twelve months. Byron Stewart made a speech on "Looking Backward," briefly summarizing the history of the church from the date of its founding eighty years ago, when the membership numbered thirty.

Rev. Mr. Howells responded to the toast "Looking Forward." The minister read the names of the four oldest living members of the church, all of whom were present Sunday. They were Mrs. S. T. Anderson, who became a member in 1863; Mrs. Mary J. Laurie, Miss Mary French and Eli Crawford. Rev. Mr. Howells referred briefly to the extensive program of work which the church has outlined for the coming year. He said that the three principles by which the church should be guided in carrying out its program were regeneration, consecration and determination.

Rev. M. L. Pontius, pastor of Central Christian church, was the principal speaker of the afternoon. He took as the theme of his remarks the scene in the Upper Room at Jerusalem, when the disciples waited for the Pentecostal power. Mr. Pontius emphasized the need which exists today for a new religious consciousness. He then spoke of the need of a messenger to bring the gospel message, and urged church members to prepare to receive the message. Lack of such preparation, the minister declared, was one of the unfortunate conditions in many churches today.

The speaker referred to the problems of the Sunday school teacher, and said that many parents are not giving their children the training in the home they should have. In conclusion Mr. Pontius spoke words of praise for the church and its new pastor, and declared that the latter has already made a distinct place for himself in the community, as well as among the members of his own church.

Brief addresses were then made by Miss Edith Dawdy on "Setting the Standard," and by Arthur Howells on "The Challenge Answered."

As a response to Rev. Mr. Howells' address, Carl H. Weber pledged the support of the men of the church to the pastor's outlined program and the response for the women was made by Mrs. C. O. Swift. A reading, "The Model Husband," was given by Miss Lillian Swift and was a pleasing feature of the program. Altogether the day was one which the church members and their friends will long remember.

GOES TO KANSAS TO VISIT RELATIVES
H. N. Gaines of Palm Beach county, Florida left yesterday for Topeka, Kansas, after spending several days visiting his brother, Grant Gaines on South Chach street. Mr. Gaines is making the trip in his automobile and the speedometer of his machine registered a little over 1500 miles from Miami, Fla., his starting point, to Jacksonville. Excellent roads were encountered throughout the entire trip except a stretch in Kentucky.

Mr. Gaines is a native of Morgan county and was born in Cracker Bend. Many Morgan county people will remember him. For the past number of years he has been a resident of Palm Beach county, Florida and is at present time one of the commissioners of that county. He is engaged in citrus fruit farming. His trip to Kansas is a business one, having resided in that state some time before going to Florida.

CITY POWER PLANT NOW IN OPERATION
Machinery is Running Smoothly—Old Light Plant to Be Utilized for Recreational Work—Cemetery Commission Bill Passed.

The street lights of Jacksonville are now using current produced from the city's light and power plant. The work of installing the boilers was completed several weeks ago but the plant was not put in actual operation until Oct. 1. The report presented to the city council Monday night indicated all the machinery is now running in a very satisfactory way.

The city's cemeteries will soon be placed in the hands of a commission, an ordinance providing for such a commission having been adopted last night. By unanimous vote the council agreed to the plan for the use of the old light plant engine room by Boy Scouts or other organized groups for indoor games. It is the understanding that the city is to be occasioned no expense in this project, and the building will be in charge of Alderman Ehnie, chairman of the public health committee.

The roll call last night by City Clerk Scott showed Mayor Crabtree, Aldermen McGinnis, Flynn, Lonergan, Ehnie, Cain and Rowe present.

Sidewalk Facts.
Alderman Flynn made another statement with reference to the need of a sidewalk on East Independence avenue between Hooker street and the Burlington tracks. This walk is to be given immediate attention especially because it is so much used by school children.

Alderman Lonergan made a report related to the property of Mrs. Matthews on East College avenue where back water from a sewer has done some damage. This was referred to a committee for investigation.

A communication was read from Otis Hoffman showing that out of 19 pieces of sidewalk awarded to him under contract that only certain ones on South Clay avenue, Hardin avenue, Ashland avenue, Chambers street and North Diamond street remain unfinished. The matter of the remaining work on the streets named was referred to the public improvement committee.

The cemetery commission ordinance which places Diamond Grove and Jacksonville cemeteries under a commission of five persons with the city clerk serving as secretary, was given a second reading. On motion of Alderman Flynn, it was adopted. The ordinance presented by the board of local improvements for a sewer on West Edgmon street was given a second reading.

For Indoor Sports.
Alderman Ehnie asked that the council grant the use of the old engine house for Boy Scouts or other organized groups for basketball or other indoor sports. Mr. Ehnie said now that the Y. M. C. A. is not in existence that there is no place outside the schools which boys can secure for games without a rental payment. Since the old light plant building is not in use by the city, the alderman suggested that it be utilized by the organizations named. Alderman Rowe, with second by Alderman Cain, made a motion that the suggestion be concurred in and the building placed in charge of Alderman Ehnie. This motion carried with the understanding that the city is to incur no expense.

Officers Reports.
The reports of officers were filed and approved. Chief of Police Kiloran reported 20 arrests, with fines aggregating \$214.30. The arrests were for the following charges: disturbing the peace, 1; violating quarantine restrictions, 1; disorderly conduct, 10; assault and battery, 3; abusive language, 1; speeding, 1; concealed weapons, 1; drunkenness, 3; forgery, 2; larceny, 5.

W. H. Cobb, water superintendent reported collections of \$5,401.06 for water rent; other collections, \$164.03, making a total in his department of \$5,565.09.

J. E. Scott, city clerk, reported collections as follows: from Diamond Grove cemetery, \$675; from Jacksonville cemetery, \$182; from office, \$644.95.

Harry Summers, sexton Diamond Grove cemetery, reported five graves made during the month and John Pires, sexton Jacksonville cemetery four graves made.

W. T. Dyer, justice of the peace reported fines of \$123, city costs, \$213.30, J. P. costs, \$54.

Dr. A. M. King city health warden, reported total deaths 20, of this number eight being at the insane hospital. The range of ages was: under one, 1; 20 to 50, six; 50 to 70, seven; over 70, six. Contagious diseases: erysipelas 1; scarlet fever, 2; typhoid fever, 9; tuberculosis, 1; whooping cough, 1.

The New Price Of The Chevrolet "490"

Is \$25.00 less than the introductory price of this model, fully equipped, in 1915—costs less today, but represents far greater value than ever.

It has been improved in construction and equipment. Figured on a basis of the value of equipment added and improvements made, Chevrolet "Four Ninety" is sold today at a price lower than ever before.

This also holds true of other Chevrolet models. Model "FB" touring car is today listed at \$160 less than its introductory price three years ago. Chevrolet Model "G" and Model "T" trucks, also, have reached low price levels that have not maintained for years.

Judged by price alone, any Chevrolet model is of greater value today than ever before. But this is not a fair comparison, since all Chevrolet models have been improved in construction, design or equipment.

The purchaser today secures the advantage of this added value.

In this way an automobile costs less to buy than in 1917, and it is generally of better value because of better equipment or construction.

The Chevrolet is by far the Best and Cheapest Light Car in America. Your model is Here now on our salesroom floor.

KENTUCKY EDITOR IS AMONG VETERANS

Has Published Owensboro Messenger for Forty Years—Others in Kentucky and Tennessee Also Have Years of Service.

By Associated Press.
Owensboro, Ky., Oct. 1.—Urey Woodson, known nationally, is today celebrating his fortieth anniversary as the owner and publisher of The Owensboro Messenger having taken over the plant Oct. 1, 1881.

In this respect Mr. Woodson probably ranks as high as any newspaper man in this country for continued service as editor and publisher of one paper.

Others known to have records in this line are J. B. Sherrill of the Concord, (N. C.) Tribune; W. T. Adair of The Marshall (Tex.) Messenger and Major Stahlman of The Nashville (Tenn.) Banner.

Mr. Woodson began his newspaper career when a boy in his teens, editing and publishing a weekly for four years before becoming connected with The Messenger.

He has achieved fame in politics, where it is recognized that few, if any, weighty questions coming before the Democratic national committee are decided without his advice.

Naturally of a modest disposition, Mr. Woodson seldom says much of the early battles in the newspaper business but in 1914 he wrote this to the late W. P. Walton, then publisher of The Lexington Herald:

"Thirty three years ago today October 1, 1881—I came to

Owensboro a stranger, a boy, with but a few dollars in my pocket, seeking a home and a business. For nearly a third of a century I have been identified with Owensboro and The Messenger. Owensboro has been good to me and to The Messenger, and I hope The Messenger, under my direction, has been creditable to Owensboro." The note was signed simply "U. W."

In 1885, four years after his arrival in Owensboro, Mr. Woodson married Miss Elizabeth Ford of Owensboro.

Throughout his work as a newspaper publisher, Mr. Woodson, who is nationally known among his associates as "Urey" has found time to participate actively in Democratic politics. From 1891 to 1895 he was Railroad Commissioner of Kentucky and from 1896 to 1916 he was Democratic National Committeeman from Kentucky.

From 1896 to 1916 he was Secretary of the Democratic National Committee. Besides his other activities Mr. Woodson, for a number of years was head of a stock company that owned The Paducah News Democrat, a morning newspaper at Paducah, Ky., and in 1897 he was active in starting The Louisville Dispatch, now defunct, as an organ for Free Silver advocates. When the Dispatch was discontinued Mr. Woodson bought the presses and installed them in the plant of The Paducah News Democrat.

LINCOLN PLANS CITY WOOD YARD

Nebraska Capital would Establish Yard Where Needy May Have Wood for Cutting.

LINCOLN, Neb., Oct. 1.—Anticipating a large number of unemployed in Lincoln this winter and with indications pointing toward a severe struggle by many of the less fortunate families in providing themselves with fuel, the Social Welfare society of Lincoln is to establish a wood yard near the heart of the city, where wood will be dispensed for the labor of cutting it.

Trees have been obtained for starting the yard and no trouble is expected in keeping the fuel equal to the demand. Secretary Prevey of the society declares. Employment will be given men thru the wood yard offering labor to families who have no means of cutting their fuel, the secretary believes.

"It has been several years since a wood yard has been in operation because the times have been prosperous and employment plentiful," Mr. Prevey says, "but the jobless and the homeless already are petitioning us for assistance. Experience has taught us a wood yard is of great benefit."

Together with the announcement, Mr. Prevey said the society has taken over the second floor of a large building and equipped it with shower baths and other conveniences to be used as a home for persons out of employment. Lodgers will be required to work for their meals while they are wards. A similar place has been prepared for women and girls on the first floor of the building.

The city has established a municipal coal yard, from which citizens may purchase their coal at prices paid at the mines. Commissioner Charles W. Bryan, brother to William Jennings Bryan, is directing sales from the coal yard.

CHINOOK LANGUAGE IS STILL USED

Prevalent in Early Days in Northwest Between Natives and Settlers.

TACOMA, Wash.—(By A. P.)—The Chinook jargon, the prevalent means of communication in pioneer days between traders of all nations and the Indians, is still heard in the Northwest when old settlers meet in reunion or at pioneer picnics. The jargon is said to date back to the early part of the 18th century when English and Spanish navigators adopted certain vowels and consonants to convey their meaning to the Indians that might occur. It was the universal language during the early trading period, and was known by Indians, English, French, Spaniards and Americans alike. One of the first things a settler did when coming to the Northwest was to learn Chinook so that he could converse with the Indians. Each tribe had a language of its own, but all knew Chinook.

Some of the most common Chinook expressions and their meanings are as follows:—klahowya, god morning; kahtah mikah, what ails you; kumtux mikah, Boston wawa, do you understand English; kah mikah klah okole opalo, where did you catch that trout; kahta mikah, how are you; chachok yakhwa, come here friend; aba; very well; Boston nan, American; chil chil, tsars; chuck, water; ki-nooti, tobacco; cultus, worthless; mooolok, elk tli-kum, friend; tintin, musical instrument; si-wash, Indian; skookum, strong; and suk-wal-al, gun.

Some of these words have become fairly current in this section. In ordinary speech a man often refers to a dear friend as his "tillicum"; a person who is of little account is often called "cultus," and "skookum" is often applied to a man of great strength or physical vigor.

MAN AND WIFE ARE SEEING THE COUNTRY

Making Trip Drawn By Mule—Say It Is Only Way To See the Sights.

BLAIR, Neb.—(By A. P.)—In these days of rapid locomotion when the average person gets to his destination with all possible speed, the travelers passes beauty and nature such as J. H. Goff and his wife, who gave their addresses as Corpus Christi, Tex., did not propose to do, they told inquirers when the aged couple passed thru here in an old-fashioned spring buggy drawn by a faithful white mule.

Mr. and Mrs. Goff left Texas June 5, and they gave Madison, Wis., as their destination, which they expect to make sometime in October.

"When we started we had two horses beside the mule, but the plains and heat of Texas and Oklahoma were too much for the horses so the mule was forced to take the burden," commented Mr. Goff after he had made inquiry of the constable for a "parking" place for his conveyance, mule and the family.

"We have averaged about thirty miles a day," Goff continued, "although we spent much time at different places where I would take a job. How do I like the mode of travel? The best ever, except the ridicule we are subjected to whenever we enter a city is a very disagreeable feature."

Mr. Goff said he was a sole cutter and leather worker and formerly lived in Madison. He also said he was a veteran of the Boxer uprising and the Spanish American war and the pension he draws from the government, together with the money he is able to make doing odd jobs along the route, has provided them both with sufficient funds to make the trip.

Otis Haney of South Main street spent the week end with his mother, Mrs. T. B. Hall in Barry.

Y. M. C. A. NOTES

October 11th is the anniversary of the birth of Sir George Williams, founder of the Young Men's Christian association.

The call for a new Y. M. C. A., is coming increasingly strong from our boys. May those have the means to answer that call, put a proposition that will challenge the best in our community.

Three successful tournaments have been handled on the Streator tennis courts, in which a total of 48 boys participated. The winners of the tournaments are now playing for the championship.

The Freeport Association is operating a Twilight Baseball league in which 150 young men participate. Five nights each week two teams enjoy the game, starting at 5:30 and playing seven innings. The Park Board furnished the diamond and keep it in fine shape.

A free swimming week was put on by the Pontiac Association with more than 400 utilizing the tank.

A piece of practical and helpful service was recently rendered by the Secretary and Physical Director of the Pontiac Association. They cooperated with the officials at the State Reformatory in putting on a program of recreational game. There are 1,100 boys committed to this institution.

STOCK MARKET

By Associated Press.
NEW YORK, Oct. 3.—The
stock market was hesitant today
favorites moving within restricted
areas, while specialties continued
to denote the increasingly doubt-
ful prospects indicated in the less
essential lines of industry.

Foreign and domestic oils
were firm to strong, especially the
cheaper or low grade shares,
these deriving their better tone
from the higher prices quoted for
crude products.

Rails, excepting coals, were
usually sluggish and many of
the motor, chemical and food
issues showed progressive weakness
incidentally establishing lowest
quotations for a year or much
longer period.

A firmer tone was evidenced
by the local money market call
loans opening at 5 1/2 per cent, pre-
sumably in consequence of last
week's deficit in clearing house
reserves. On the very limited
inquiry, however, the rate fell to
five per cent at noon. Liberty 3 1/2
which lagged in the recent rise of
that group were active and
strong. Total sales (par value)
\$17,375,000.

CASH GRAIN
REPORT

(By The Associated Press)
CHICAGO, Oct. 3.—Cash
sales here today were 25,000 bu-
shels of wheat, 450,000 bushels
of corn including 240,000 bushels
to exporters and 50,000 bushels
of oats. Vessel room was char-
tered here for 650,000 bushels of
oats.

The seaboard reported 750,000
bushels of Manitoba wheat work-
ed for Europe Saturday, and
1,000,000 bushels of Pacific
Coast wheat last week to Japan,
with a cargo to China.

No change took place in the
basis for cash wheat, cash corn
or cash oats.

Car lot receipts: Wheat, 125;
Corn, 1,01; Oats, 171.

NOW FEELS LIKE YOUNG GIRL AGAIN

Illinois Woman Says Tanlac Has Been a Godsend to Her—Gains Twelve Pounds

"Tanalac has relieved me of a case of chronic indigestion from which I suffered untold misery," said Mrs. Nannie Mills, 211 Allen Ave., Jacksonville, Ill.

"Everything I ate seemed to ferment in my stomach, caused a heavy, depressed feeling and bloating up with sour gas that pressed around my heart until I could hardly breathe. If I drank anything cold it would cramp me dreadfully, and I would have awful pains in my stomach and get very dizzy. My color became very bad and my nerves were so shattered even the children playing about the house upset me. At night I was so restless I could scarcely sleep, and I was so weak I couldn't walk but a little way without giving out and couldn't half do my housework."

"Tanalac helped my sister so much that she got me to try it, and four bottles of the medicine have simply made a well woman of me. I eat anything I want and my stomach never bloats or hurts me a particle. I don't know what it is so nervous now, and my sleep is sound and refreshing. My color is fine and I'm actually twelve pounds heavier than I ever was in my life. Why, I'm enjoying such good health that I feel just like when I was a girl."

Tanalac is sold in Jacksonville by J. F. Shreve and by leading drug stores everywhere.—Adv.

A WORD TO THE WISE

"In March I was called to the bedside of my sister in Brewton, Alabama. She was given up to die and was almost dead. Talked in a whisper. Doctors said nothing but an operation would save her and that she was too weak for that. Her color was yellow as a pumpkin and she was filled with gas. That day I heard of Mayr's Wonderful Remedy and went and got a bottle for her. In three weeks she was able to be about and walked a mile to church. I am praising my medicine to everyone." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

LITERBERRY MISSION CIRCLE HAD MEETING

Mrs. Lelia Daniels is Hostess to Members of Baptist Organization—School Children Enjoy Hike to Country—Other Literberry News.

Literberry, Oct. 2.—The Mission Circle of the Baptist church met in regular session on Friday at the home of Mrs. Lelia Daniels at Chestnut Hill Farm. Only the members were present. This being the last meeting of the year's work, was given to reports and plans for future work.

The quilt sewing was not brought up, but will be finished during the time between the September meeting and Thanksgiving so as to be ready to send to the Hudson Home at that time. The readings were as follows: What the Southern Baptists are doing with the money given them in the last year's church drive, by Mrs. J. A. Liter. A letter from one of the teachers Bessie Wiford in the Baptist foreign mission work was read, which was full of interest, and a very good description of the work our girls have to do who go to foreign fields. This work was at Huhchow, China, read by Mrs. Guy. A letter of "Shipping Goods to Poland," or "Fill a Ship in Fellowship," read Mrs. C. A. Deavers.

Another good paper was furnished by Mrs. Guy and read by Mrs. eBayers; this was also on the

fellowship plan, giving to the needy. Offering was one dollar and ninety-five cents. Refreshments were served at the proper time.

Miss Margaret Chapman, our efficient teacher of the second room at Literberry college, took her small pupils out for a picnic super Thursday evening. With well filled baskets they went north on Peoria boulevard until

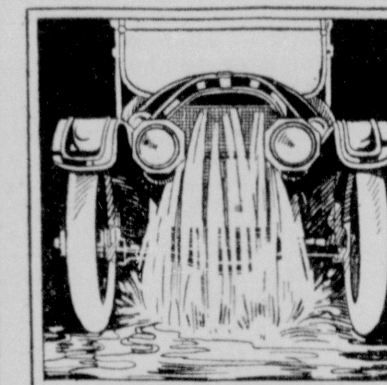

they reached the blue-grass path leading to a woods pasture, where they built a fire, roasted weiners and spread a feast. Everybody had a good time. They hiked in to Literberry about 7:30. Jesse Liter is having a siege with rheumatism.

Mr. and Mrs. Ed Bingman were Monday callers in the city from Pisgah.
